

Jet Reports installation and configuration guide

Prerequisites: The computer on which the Jet Reports is installed must:

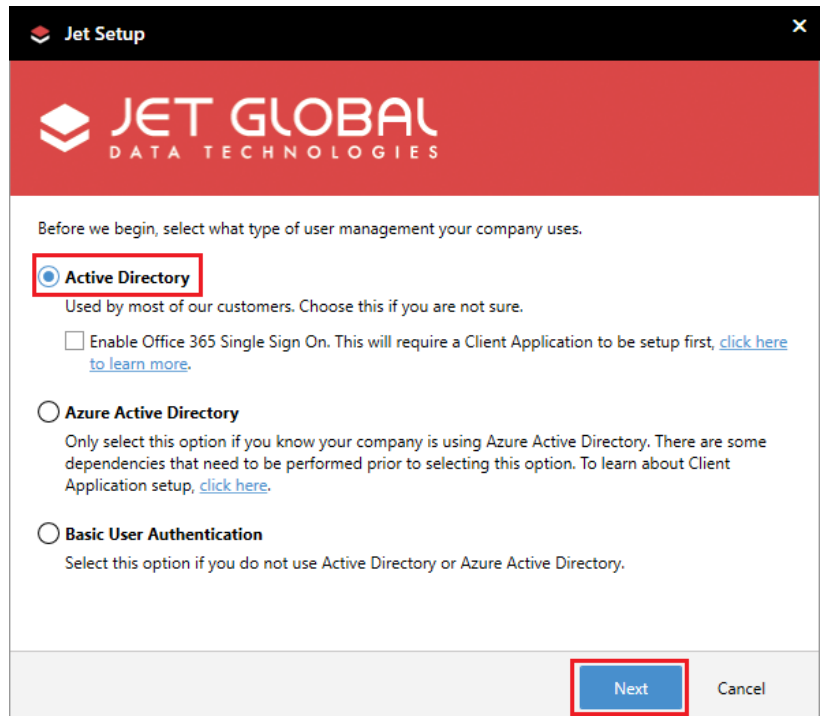

- Have Microsoft .NET Framework 4.5 installed
- Have Microsoft Excel 2010, 2013 or 2016 installed
- Have administrative privileges to install the application

Step 1: Download the Installation media from this link: <https://jet-download.com/installation/versions/Jet%20Essentials%20Archive%20Files/Jet%20Reports%2020.5%20Build%2020.5.20042.1.zip>

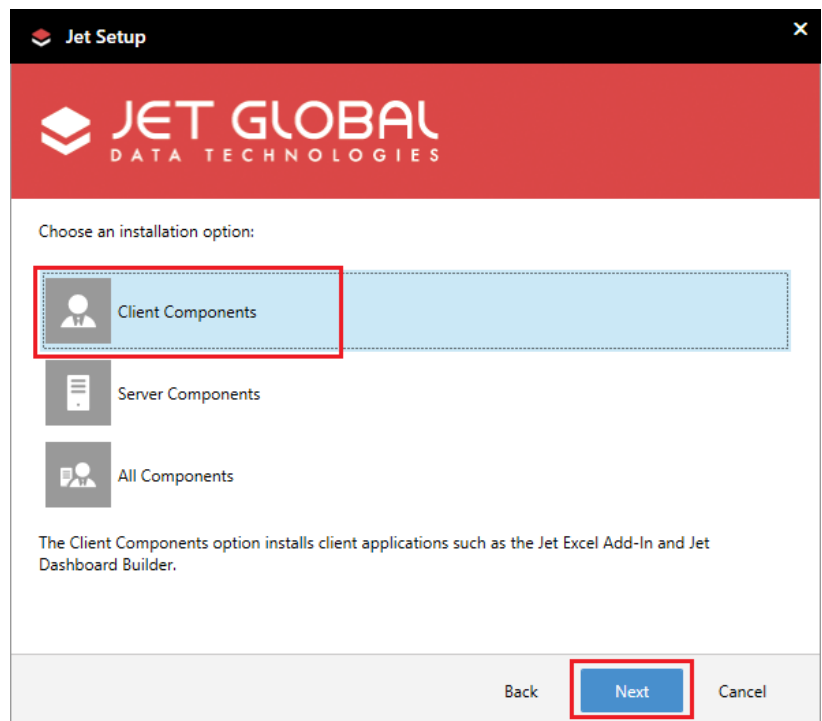

Run the Jet Setup.exe file in **Installation Media\1 – Jet Reports – REQUIRED** folder.

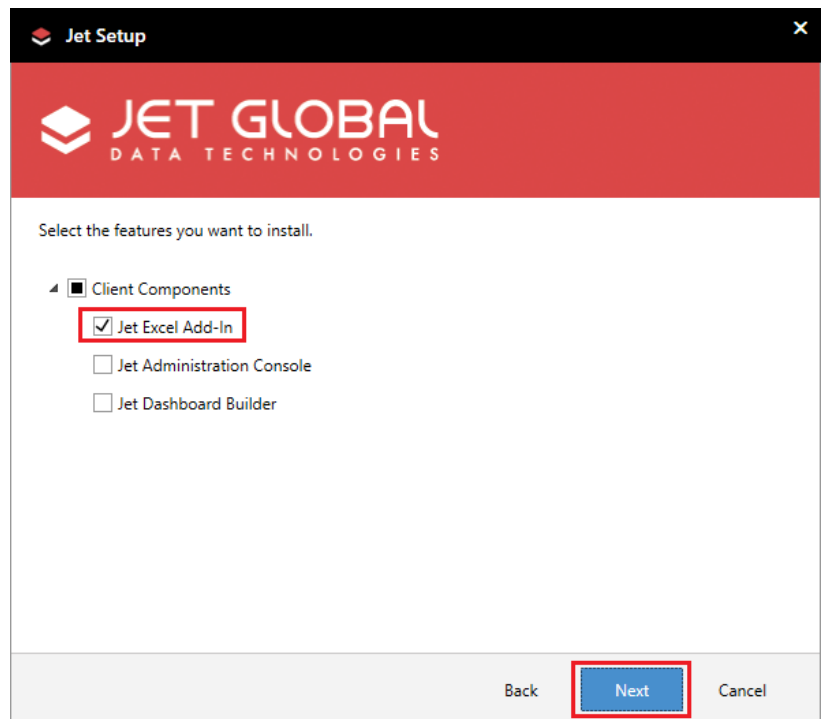

Step 2: Select **Active Directory** option and click **Next**.

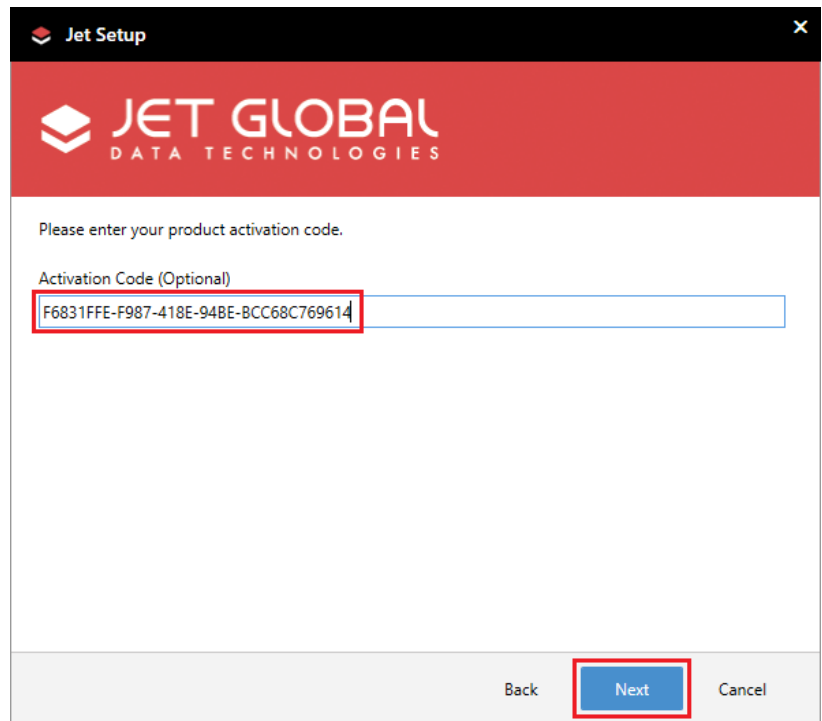

Step 3: Select **Client Components** option and click on **Next** button.

Step 4: Tick only **Jet Excel Add-in** option and click on **Next** button.

Step 5: Use enter the following activation code, **F6831FFE-F987-418E-94BE-BCC68C769614**, then click **Next**.

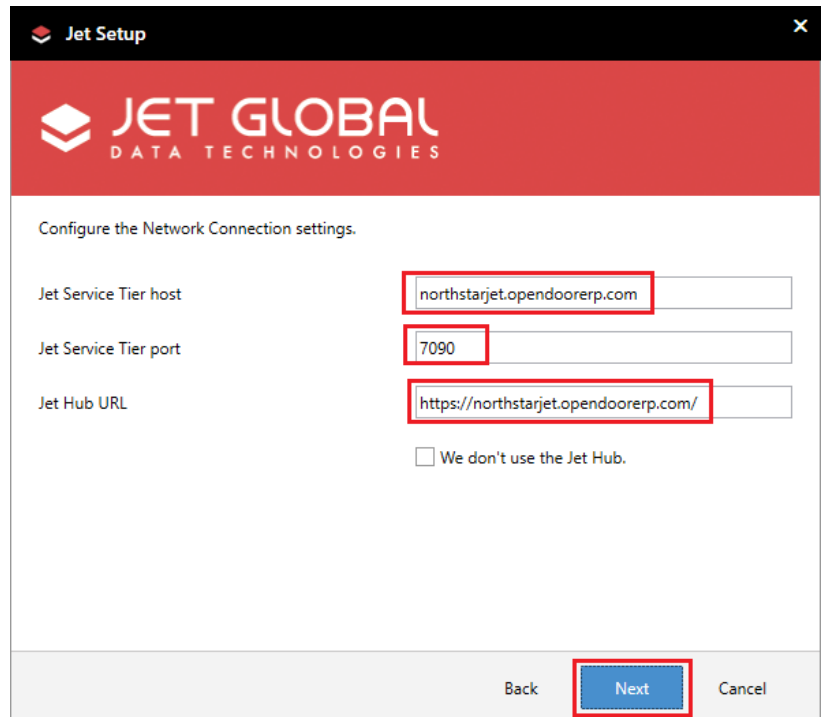

The screenshot shows the 'Jet Setup' window for 'JET GLOBAL DATA TECHNOLOGIES'. It prompts the user to 'Please enter your product activation code.' Below this, there is a text input field labeled 'Activation Code (Optional)' containing the code 'F6831FFE-F987-418E-94BE-BCC68C769614'. At the bottom right, there are three buttons: 'Back', 'Next' (highlighted with a red box), and 'Cancel'.

Step 6: Enter the following information:

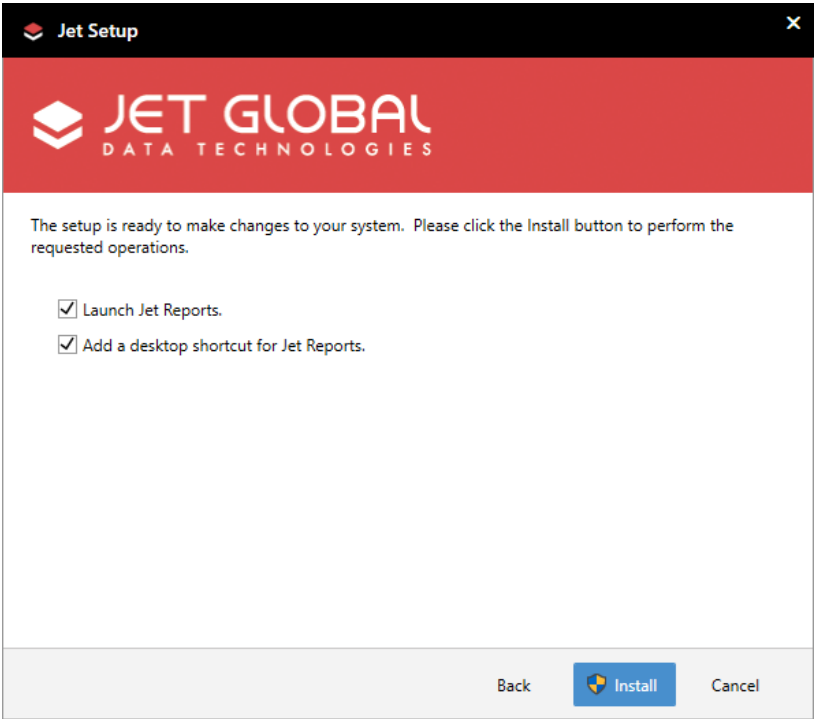

- **Jet Service Tier host:**
northstarjet.opendoorerp.com
- **Jet Service Tier Port:** 7090
- **Jet Hub URL:**
<https://northstarjet.opendoorerp.com>

Then click on **Next**.

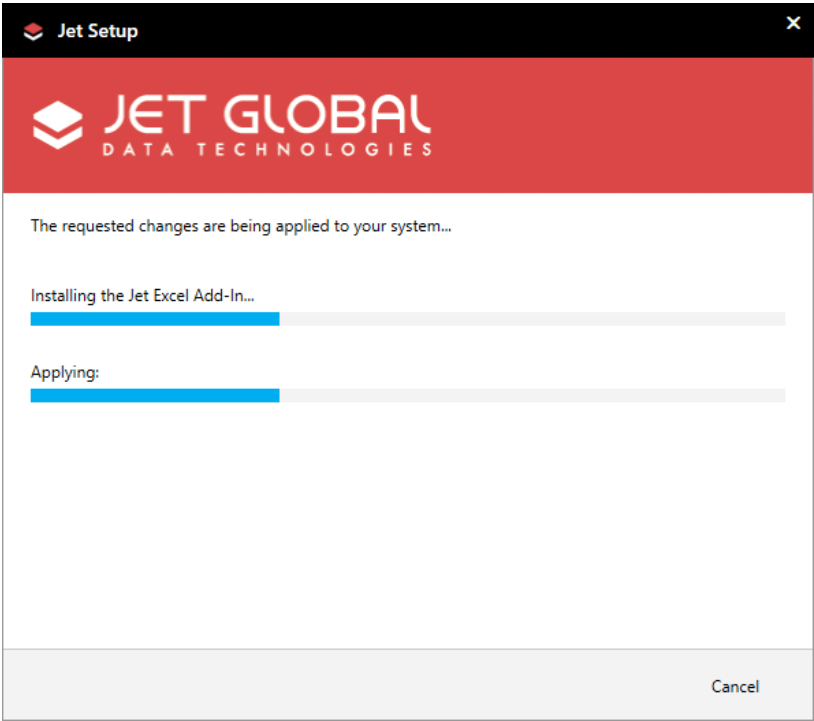

The screenshot shows the 'Jet Setup' window for 'JET GLOBAL DATA TECHNOLOGIES' at the 'Configure the Network Connection settings' step. It contains three text input fields: 'Jet Service Tier host' with 'northstarjet.opendoorerp.com', 'Jet Service Tier port' with '7090', and 'Jet Hub URL' with 'https://northstarjet.opendoorerp.com/'. Below these fields is a checkbox labeled 'We don't use the Jet Hub.' which is unchecked. At the bottom right, there are three buttons: 'Back', 'Next' (highlighted with a red box), and 'Cancel'.

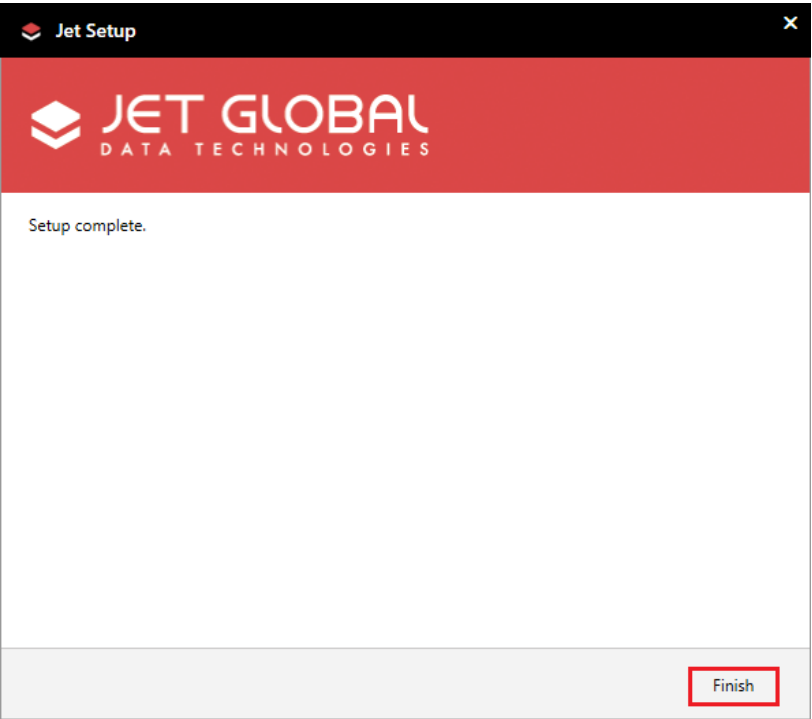

Step 7: Click on Install button to start the Jet installation.

Step 8: The Jet Reports is being installed.

Step 9: Click on **Finish** button.

Step 10: Excel automatically starts after installation completes. You are now able to use Jet Reports through **Jet** tab in Excel ribbon
